Transport

Transport – Car

We have plenty of parking spaces available on arrival. We have 5 disabled parking bays in the front car park, by the bus stops, and 6 in the back car park, which faces out to the Mersey.

If there are no disabled bays available, find any space available and make sure to put your disabled parking pass displayed clearly on your car.

We have kerb ramps and tactile paving surfaces in each of our car parks.

Transport – Taxi

These taxi companies use accessible Hackney cabs.

Argyle Satellite Taxis

Disability Transportation Service

07852280470

Disability Transportation Services is a dedicated taxi company that specialises in transporting people with mobility needs. This is their own description:

“At DTS, we understand the importance of accessibility for individuals with disabilities. That’s why all our vehicles are specially designed and equipped to cater to various mobility needs. Our fleet includes vehicles with wheelchair ramps, lifts, and secure tie-down systems, ensuring that everyone can comfortably and safely board and disembark. We take pride in offering a barrier-free transportation experience for all our passengers.”

Transport – Ferry

Eureka! Science & Discovery is in the same building as the ferry terminal.

[20% Discount with a Eureka! S & D Ticket](#)

^ Anyone coming to visit us can get discount on their ferry ticket. Click the link above to find out more!

Accessibility:

- There are automatic sliding doors in and out of both terminals
- Ramps to access and exit the ferry on both sides.
- Changing places facilities in Seacombe ferry terminal
- Accessible toilets in both terminals and on board the ferries
- Main decks are fully accessible
- River Explorer Cruise has commentary on board, or a fact sheet that has all the same information on it available at the terminals

Transport – Bus

There are bus stops right outside our entrance.

[Useful Travel Information | Merseytravel](#)

^This can help you find which bus you can get to and from wherever you may be staying and what time they are running.

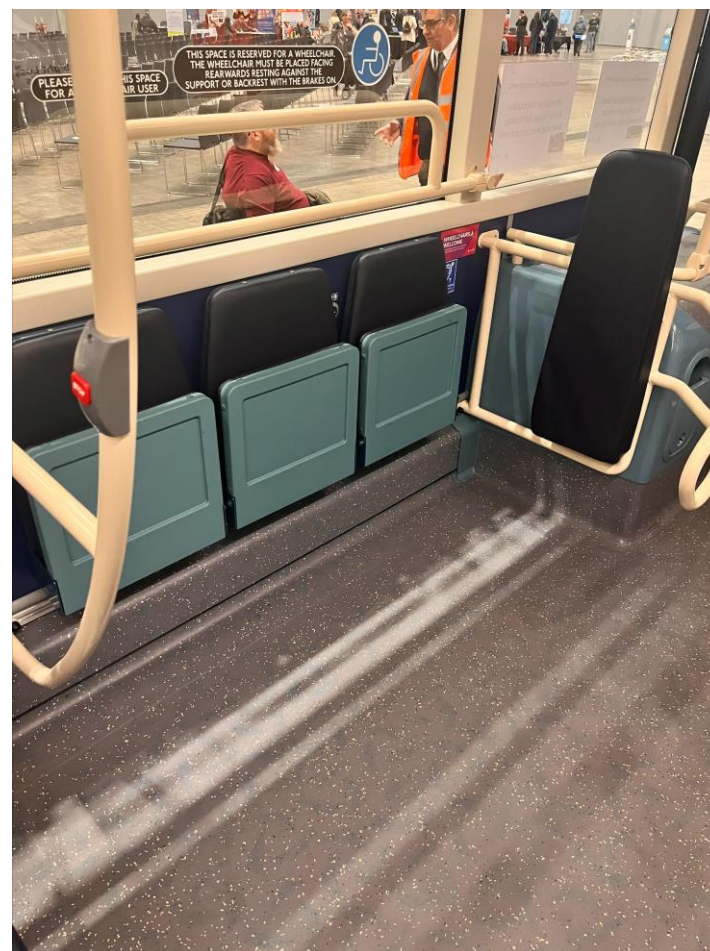

Accessibility:

- Wide doors
- Low entrances
- Flat floors with no steps
- Plenty of bright colour
- Contrasting easy-grip handles
- Priority seating for those with mobility difficulties

MerseyTravel have released new buses, with the aim of accommodating more people. On the next slide, you will see pictures of the new buses which include:

- T Loops
- More space for wheelchair users
- A screen that shows the next stop
- Audio confirmation of each stop. (pictures on the next slide)

MerseyTravel Bus Interior

Transport - Train

Closest train station: Hamilton Square

- 6-minute drive away from us
- 20 minutes away on the bus

Accessibility:

- There are lifts and escalators to the platforms and to the booking hall.
- There is visual and aural information provided at all stations.
- Buttons on the inside and outside that you need to open the doors.
- A sliding step meets the platform edge, creating level boarding
- Lighting around the door turns green when safe to board or alight the train. The lighting around the door turns red when doors are about to close and a beeping noise sounds.

Transport – Trains (cont.)

According to Merseyrail, "These measurements will show that your wheelchair or scooter meets our requirements and is safe to travel with us:

- Width 28 inches (70cm)
- Length 48 inches (120cm)
- Weight 300 kg combined weight."

[Assisted Travel](#)

^ Link to plan your journey or book assisted travel

Call 0800 0277 347 to book travel assistance.
Use the prefix 18001 if using Textphone or Text Relay.

Accessibility:

- Designated area that gives priority to wheelchair users. The Train Manager or Help Point are available if any assistance is required. The priority area has tip up seats to create additional space, a support handle, charging point for portable devices and a small table.
- Doors with immediate access to wheelchair designated areas have a wheelchair symbol on the outside of the train.
- Digital screens in this area show network information.
- New trains have wider aisles and continuous carriages.
